President's Message

It was with great honour and pride that I took over the Presidency of the SLLA and it is a pleasure for me to present the 57th Annual Report and Auditors' Report of the Sri Lanka Library Association for the year 2016/2017.

When reflecting on the activities of the past one year, it can be said that it was a significant year for the SLLA, as many new initiatives were implemented. The highlight was the commencement of the implementation of the Strategic Plan (2016-2022) approved at the last Annual General Meeting, by the membership. About fifty professionals, including the Professional Group conveners of the Council, are developing many new proposals to be implemented in the years to come.

A series of Human Library sessions were implemented as a pilot project with the financial support from Deutsche Gesellschaft Fur Internationale Zusammenarbeit (GIZ)/Facilitating Initiatives for Social Cohesion and Transformation (FLICT). A series of workshops were conducted under the Building Strong Library Associations (BSLA) Programme which was supported by IFLA, and NACLIS was successfully completed under the theme "Social Impact of Librarianship: scholarship towards sustainable development goals".

The Education programmes which are the core activity of the SLLA, were conducted successfully and the collaborative effort of the SLLA with the Open University of Sri Lanka (OUSL) to provide a progressive path for our diplomates to obtain an honours degree from the OUSL was a great success. In order to enable members to receive the highest professional qualification in the SLLA, an alternative path was developed to achieve the Fellowship by Research. The long felt need to place the SLLA education programme on the Sri Lanka Qualifications Framework was completed and all these activities will be implemented within the next couple of months strengthening the SLLA's position as the main professional body for the LIS professionals in the country.

However, impediments were not absent. The untimely demises of Professor Piyadasa Ranasinghe, a stalwart in the profession and Dr. (Ms) Anusha Wijayaratne, a blossoming professional, both of whom have contributed immensely to the SLLA was devastating.

Finally, I would like to thank the General Secretary, the Treasurer and all the members of the Council, the Executive Committee and the members of the professional groups, committees, Centre Co-ordinators and lecturers of the education programme and the general membership for their invaluable support rendered throughout the year.

Sri Lanka Library Association: Annual Report & Auditors' Report 2016/2017

I would like to extend my sincere gratitude and appreciation to Ms. Shanthi de Alwis, Administrative Secretary, Ms. Edna Malkanthi, the Senior Accounts Assistant, and all the other staff of the SLLA for their valuable contribution towards the SLLA and to the newly appointed Administrative Manager, Mr. Ian Bertus for the constructive support extended to make the AGM a success.

General Secretary's Report

I am much honoured to be part of the Council of the Sri Lanka Library Association as its General Secretary for the term 2016/2017. It gives me immense pleasure to present the 57th Annual Report and Auditors' Report of the Sri Lanka Library Association for the year 2016/2017.

Events such as the National Conference on Library and Information Science (NACLIS), a series of Human Library Projects and a series of workshops under the Building Strong Library Associations (BSLA) Programmes were conducted and a very successful year has passed with the commencement of the implementation of the Strategic Plan 2016-2022.

The Education programmes being the major activity of SLLA, was carried out successfully during the year. Various activities undertaken by the professional groups and committees, throughout the year are highlighted separately. The SLLA newsletter was published in a timely and efficient manner.

An Administrative Manager was recruited on the recommendation of the Strategic Planning and Strategic Directions Committee (SPSDC) of the SLLA. The contract of the Administrative Secretary was extended by a year. The annual increments for senior staff were granted and 50% of the salary was paid as ex-gratia to the permanent staff members.

I would like to take this opportunity to express my deep sorrow on the untimely demise of Professor Piyadasa Ranasinghe who rendered yeoman service to the SLLA, especially whilst he was the President of SLLA during 2007-2009 and Dr. (Ms.) Anusha Wijayarathne who contributed immensely to the educational programmes of the SLLA. Their invaluable service is highly appreciated by the council and the entire membership.

I would like to thank the President and members of the Council, the Executive Committee and all other members of the professional groups, committees and membership for their invaluable support rendered throughout the year.

I extend my sincere gratitude and appreciation to Mr. Ian Bertus, the Administrative Manager, Ms. Shanthi de Alwis, Administrative Secretary, Ms. Edna Malkanthi de Silva, the Senior Accounts Assistant, and all the other staff of the SLLA for their untiring work and service rendered to make the Annual General Meeting a huge success.

7.14 Information and Public Relations Group

The Information and Public Relations Group manages the external communications of the SLLA to ensure a strong, positive public image by bringing the SLLA to the notice of the public to understand, its initiatives.

7.14.1 Media Programme held on the occasion of the 56th Anniversary of the Sri Lanka Library Association.

On the occasion of the 56th anniversary of the Sri Lanka Library Association, the Independent Television Network (ITN) featured a discussion in its Coffee Table Programme. Dr. (Ms.) Pradeepa Wijetunge, the Librarian of the University of Colombo who is the newly elected President of the SLLA and Mrs. Varuni Gangabadararchchi, Chief Librarian of the Colombo Public Library participated in this programme. The discussion covered proposed goals to be achieved in the coming two years in keeping with the sustainable development goals, the participation of local libraries, the enhancement of the reading habits among people and the new challenges before us.

7.14.2

A brochure in English and Sinhala with regard to the activities of the Sri Lanka Library Association (SLLA) highlighting its three year Diploma Programme was designed and distributed at the International Book Fair and also at the first ever Open Day held for the first time in its history of the Sri Lanka Library Association. This enabled the creation of awareness about the SLLA among the public and resulted in a fair number of new students being recruited this year.

7.14.3

Press releases were published in both Sinhala and English newspapers highlighting the newly elected Council in July last year and also news items referring to the Open Day, Human Library and about the three year Diploma Programme, to inform the public, prospective students, employees working in libraries, and other stakeholders. In addition, the Group is working with the Strategic Planning & Strategic Direction Committee (SPSDC) on ways to improve the Public Relations activities further in the future.

7.15 Committee of Monitoring and Assisting the Implementation of Strategic Plan (COMAISP)

The responsibility of the COMAISP is to assist the implementation of the 1st Strategic Plan of the SLLA which was approved at the SLLA AGM in 2016. The SLLA Council appointed the COMAISP in August 2016. As the first step, COMAISP identified a number of priority projects from the plan for implementation, including a) Membership development, b) Improving the productivity of SLLA Office and streamlining its activities, c) Creating a digital archives at SLLA through digitizing the Council information, Ex-co minutes, NACLIS proceedings etc, and d) Advocacy. The Council appointed 4 Special Committees to handle these key areas.

Following this, the COMAISP interacted with the conveners of the SLLA Groups and Committees in order to identify suitable projects for them to implement. As a result, by the end of 2016 the majority of the professional groups and committees identified their projects from the Strategic Plan, prepared the project proposals and obtained the approval from the COMAISP and the SLLA Council. A total of 25 projects were identified for implementation. In addition the SLLA Council initiated the process to recruit a CEO/Administrative Manager for the SLLA to streamline the administration of the SLLA as recommended in the Strategic Plan.

In February 2017 a seminar was conducted at the OPA auditorium to discuss the issues related to implementation of the identified projects. The Conveners of 16 groups presented their action plans and strategies for the 25 projects. The project plans were then deliberated upon by the members and the Conveners and the members of the committees received useful suggestions and feedback on how to improve their plans. During the last few months the conveners and the other members of the committees were actively occupied with the projects. After a three month period, the second seminar was organized by the COMAISP to assess the progress of the implementation of these projects at the OPA Auditorium in May 2017. The Conveners and/or their representatives presented the progress of the work. It was evident that

the majority of the groups were carrying out their projects successfully and at a satisfactory pace, while a couple of groups were slow in implementing the projects. COMAISP is planning to have special sessions with them to help overcome the difficulties they face.

COMAISP plans to launch the 2nd phase of the implementation of the Strategic Plan at the beginning of the 2017/18 academic year in July/August 2017. SLLA has already invited the NLDSB, NILIS, LIS Department of Kelaniya University, School Library Development Unit of the Ministry of Education and the Provincial Library Services Boards of Central, North-Central, Sabaragamuwa and Uva Provinces to select projects relevant to their areas of interest from the plan and join the project. An open invitation has been extended to the entire membership of the SLLA to assist in implementation of the plan. NILIS and Kelaniya University LIS Department have been requested to encourage their postgraduate students to select their research topics from the SLLA Strategic Plan.

It was a productive and successful year for the COMAISP. The commencement of implementation of the Strategic Plan with 25 projects is indeed a remarkable achievement. As expected with any new project there were challenges and difficulties. Since this is the very first Strategic Plan of the SLLA, it was a new experience for a majority of the SLLA members. In the Plan it was stated that for the success of the project, SLLA needs leaders who can lead from the front. Fortunately COMAISP found a reasonable number of such quality professionals to take the initiative in implementation of the plan. The COMAISP is indeed grateful to all those members who responded so readily to act as conveners of these projects and follow them through, and also to the members who volunteered to serve on these committees. We sincerely hope that there will be others following their footsteps in time to come which will be vital for the success of the projects and make SLLA a quality professional forum.

On the recommendation made by COMAISP, a workshop was held on "Quality Management, 5S concepts, File and Financial Management" for the SLLA staff on 5th June 2017 at the SLLA Auditorium. Mr. H. M. P. B. Herath, former Senior Advisor of the Sri Lanka Institute of Development Administration (SLIDA), Ms. Harshani Dissanayake, Senior Assistant Librarian of the University of Peradeniya and Ms. Thushara Abeysekera, Senior Research Scientist of Industrial Technology Institute served as resource persons.

7.16 Fellowship by Research

The objective of this proposed method to obtain the Fellowship is to provide an alternate path to those who do not get an opportunity to get involved closely with the SLLA activities. The proposed Fellowship by Research (FbR) will be of one year's duration and comprise of two components; 45 -hour lecture series on Research Methods and a field research with a final report of 10,000 words.

Those who have fulfilled all the other criteria to be eligible to apply for Fellowship by Achievement, but have not been able to make a significant contribution through direct involvement, to the SLLA activities, due to various practical issues, are eligible to apply. Course fee will be decided by the Council and the programme will commence as soon as the applicants are enrolled.

7.17 Fellowship by Achievement

The Fellowship Committee discussed the changes that should be made in the Fellowship by Achievement (FbA).

The Committee recommended that marks allotted to certain categories must be changed. It was also decided to make provision to assign marks to recognize contributions made to the SLLA Strategic Plan. The changes to be made in the FbA were recommended to the Council.
