## Preface

Sri Lanka Library Review (SLLR) is published by Sri Lankan Library Association (SLLA) which provides platform for students, scholars, educators and professionals to impart and share their knowledge in the form of high-quality research articles in the field of Library and Information Science and related subject areas.

SLLR is the one of the oldest journals in Sri Lanka dedicated to Library and Information Science which has been published annually since 1962. Since the SLLA celebrates its 60<sup>th</sup> anniversary, the Publication Committee (2019/20) decided to launch biannual publication of the SLLR from 2020 onwards with the intention of enhancing the quality of the journal to comply with professional academic standards.

Moreover, all articles published in Sri Lanka Library Review licensed under Creative Commons Attribution-Share Alike 4.0 International License and the journal is allowed to be accessed under open access policy to increase the visibility of SLLR to the world. Sri Lanka Library Review (SLLR) is now available on Sri Lankan Journals online (SLJOL) platform (<https://sllr.sljol.info/>). Further electronic version of this issue is made available via online at [www.slla.lk](http://www.slla.lk).

The publication committee (2022/2023) is pleased and proud to publish volume 37, Issue I of Sri Lanka Library Review together with four selected articles in English, Sinhalese and Tamil including abstracts in English for articles in Sinhalese & Tamil languages.

Publishing this volume with two issues will not be possible without the immense support given to me by a number of people to whom I wish to express my sincere appreciation. First of all, I would like to thank and express my gratitude to all members of the editorial board for providing the dedicated support and feedback needed to develop and publish content of this issue in high quality.

On behalf of publication committee my heartfelt appreciation is extended to all reviewers who helped the journal by voluntary review and assessment of all manuscripts submitted to these two issues. Also, I would like to thank all authors for their tremendous contribution to SLLR.

I am grateful for the support which has been extended to me in many ways by the President and all the members of the Council and Exco committee 2022/2023 and the office staff of SLLA, enabling me to make new efforts in publishing SLLR.

The present two issues are published as<sup>iii</sup> a successful accomplishment, after all the

hardwork and valiant commitment. This gives me a lot of satisfaction especially as an Editor-in- chief of SLLR.
